

HEDONISM

THE MUSE

Limited Edition
Blended Grain Scotch Whisky

Our first-ever bottling, *Hedonism* explored a brave new world of flavour previously uncharted in the world of Scotch.

Every so often, we return to the concept through a special limited edition bottling, marking another milestone for our company and celebrating all who have been a part of the journey.

When we recently discovered a cask of exceptional aged grain whisky of unknown origin in the spectrum of flavours of a *Hedonism* whisky, we were inspired once again to go back to where it all started. This time, the label design reimagines the woman portrayed at the centre of all our *Hedonism* labels – the first woman, as far as we know, ever to feature on a Scotch whisky label.

Women now make up the majority of our team here at *Compass Box*, which is unusual in our industry. This diversity of perspective makes us, I believe, a better business.

Hedonism, The Muse combines this single cask with other rare and remarkable grain whiskies of varying ages from four distilleries to create something we believe is utterly compelling; a whisky that has all the flavour hallmarks of our classic *Hedonism*, with even greater depth and intensity.

We invite you to join us, in this, our toast to women in whisky.

Availability

Planned release of 3,060 bottles worldwide.
Bottled February 2018.

Flavour Descriptors

Aromas and flavours reminiscent of vanilla, marzipan and honey. Full on the palate, round and with a very sweet impression. Very long finish that echoes the vanilla and marzipan.

Recommendations

Drink this whisky whenever and however you like, as any true Hedonist would. When we're feeling indulgent, we are partial to pairing *The Muse* with salted caramel.
