

PEAT MONSTER MAGNUM

Cask Strength Limited Edition

Blended Malt Whisky

This is a big whisky.

We've taken our already big, already peaty, already smoky malt Scotch whisky, *The Peat Monster*, and delivered it at cask strength in a double-size magnum bottle. Available only for a short time and only in this large format, it's a unique opportunity to explore the complex balance of our usual *Peat Monster* at a higher bottling strength.

Whiskies are traditionally diluted to bottling strength with water, but with this limited edition release we have explored the intensity and power of whisky straight from the cask.

Using exactly the same blend of component whiskies as our classic Peat Monster bottling, the aromas and flavours are similar but more concentrated and powerful. The marriage of Islay and heavy peated Highland single malts creates a warming spectrum of seaside and medicinal peatiness, along with smokiness, all surrounding a core of fruity malt whisky character.

Yes, it's big. Yes, it's peaty. Yes, it's smoky. But like our classic bottling, this is far from a one-dimensional monster. We invite you to try it with and without water and see what complexities you can find. However you drink it, share and enjoy!

John Glaser, Whiskymaker

Availability

Cask Strength Limited Edition release of 2,000 magnums.
Bottled in February 2015.

Flavour Descriptors

Rich and full on the palate with complex earthy peat and smoke characters. Hints of citrus fruit, nuttiness and toasted oak.

Recommendations

For the bold, this is an incredibly complex and warming whisky to enjoy at cask strength. We also find it fascinating to add small amounts of water as we sip a glass, admiring the slow evolution in taste as the whisky opens up its wealth of flavour compounds.

Bottling Details

Bottled at 57.3%
Not chill filtered
Natural colour
Available only as magnums (1.5l / 1.75l)
